PROFESSIONAL SUMMARY

Computer Science undergraduate at ABES Engineering College with a 9.74 CGPA and hands-on experience in frontend development, full-stack web development, C++, Data Structures and Algorithms, and REST APIs. Experienced in building responsive React applications, reusable UI components, authentication workflows, and MERN-stack projects using Git and GitHub.

EDUCATION

ABES Engineering College, Ghaziabad, Uttar Pradesh <i>B.Tech in Computer Science & Engineering CGPA: 9.74</i>	2025-29
Gramarshi Academy International, Goshainganj, Ayodhya <i>Class XII (CBSE) Percentage: 85.7%</i>	2022 – 24
Gramarshi Academy International, Goshainganj, Ayodhya <i>Class X (CBSE) Percentage: 95.2%</i>	2021 – 22

TECHNICAL SKILLS

Languages: C++, Python, JavaScript

Web Development: : HTML, CSS, React.js, Node.js, Express.js, MongoDB, REST APIs

Core Concepts: Data Structures & Algorithms, Object-Oriented Programming, SDLC, Authentication

Tools & Practices: Git, GitHub, VS Code, Agile Methodology, Debugging, Code Review

INTERNSHIPS

Frontend Development Intern — TechNova Labs	<i>May 2026 – Jul 2026</i>
- Developed responsive, cross-browser web interfaces using HTML, CSS, JavaScript, and React.js for client-facing products, following Agile development practices. - Built and maintained reusable React.js UI components, reducing duplicate code and speeding up new feature development. - Collaborated with senior developers using Git/GitHub for version control and participated in peer code reviews.	

PROJECTS

ShopEase — Full-Stack E-Commerce Web Application MongoDB, Express.js, React.js, Node.js
- Built a full-stack e-commerce platform with product catalog, shopping cart, and secure checkout using the MERN stack and RESTful APIs. - Implemented JWT-based user authentication and role-based access control, and optimized the React.js front end to improve page load speed by ~30%.
Bookora – Online Booking Platform HTML, CSS, JavaScript, React JS
- Built a booking platform that centralizes discovery of booking portals and real-time availability through a component-based React.js architecture. - Designed an intuitive multi-step booking flow with clear call-to-actions and form validation to reduce user errors.

ACHIEVEMENTS

- Smart India Hackathon (SIH) — Internal Round Finalist, recognized for an innovative problem-solving approach.
- Solved 300+ problems on CodeChef, strengthening core DSA and algorithmic problem-solving skills.

CERTIFICATIONS

- ReactJS — Simplilearn
- JavaScript Algorithms and Data Structures (300 hours) — freeCodeCamp
- Introduction to Cybersecurity — HP LIFE
